WHO ARE WE?

Khas Industries Pvt Limited is a glove manufacturing company vertically integrated with its leather tannery that started production of industrial work gloves in 1969. We own two manufacturing facilities in Sialkot and Karachi capable of producing over 150,000 pairs per month with over 200 full-time employees and over 70 stitching machines in operation

PAKISTAN TANNERS ASSOCIATION

Pakistan Tanners Association (PTA)

PAKISTAN GLOVES **MANUFACTURES & EXPORTERS ASSOCIATION**

Pakistan Gloves Manufacturers and
Exporters Association (PGMEA)

Karachi Chamber of Commerce
and Industry (KCCI)

Korangi Association of Trade
and Industry (KATI)

OUR CAPABILITIES?

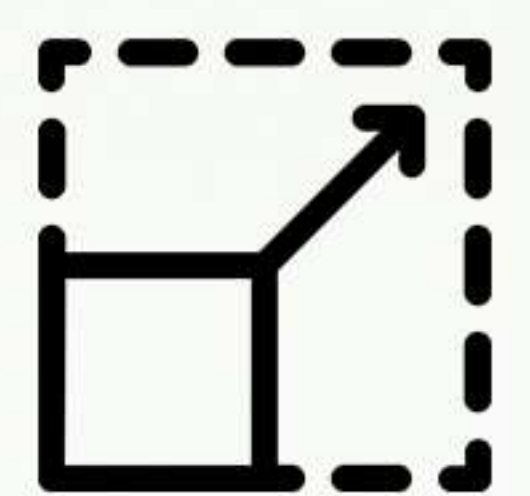

We have a strong management team with over 30+ years of experience in leather and glove production with experienced staff members used to dealing with customers in different markets including North America, Europe and the Far East.

We have strong quality management and environmental management systems in place indicated by our ISO 14001 and ISO 9001 certifications that are annually retested.

WHY CHOOSE US?

Differentiation at Scale

We're one of the few factories capable of efficiently producing 6 sizes (XS to XXL) across 10 different products in a single shipment, thanks to our skilled production team, including experienced managers and talented artisans.

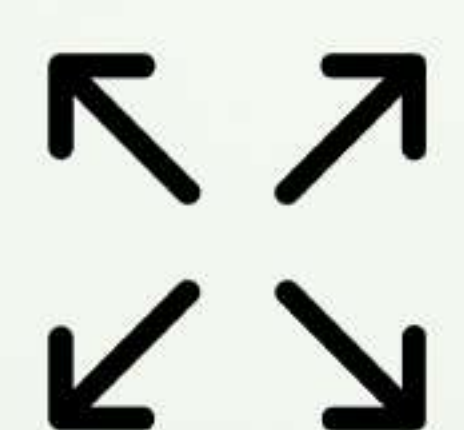

Certified Quality Controls

We maintain top-notch quality even at high production volumes, thanks to our ISO-certified quality management. We inspect goods at three stages during production, and all leather undergoes rigorous evaluation before glove production to ensure consistent quality across orders.

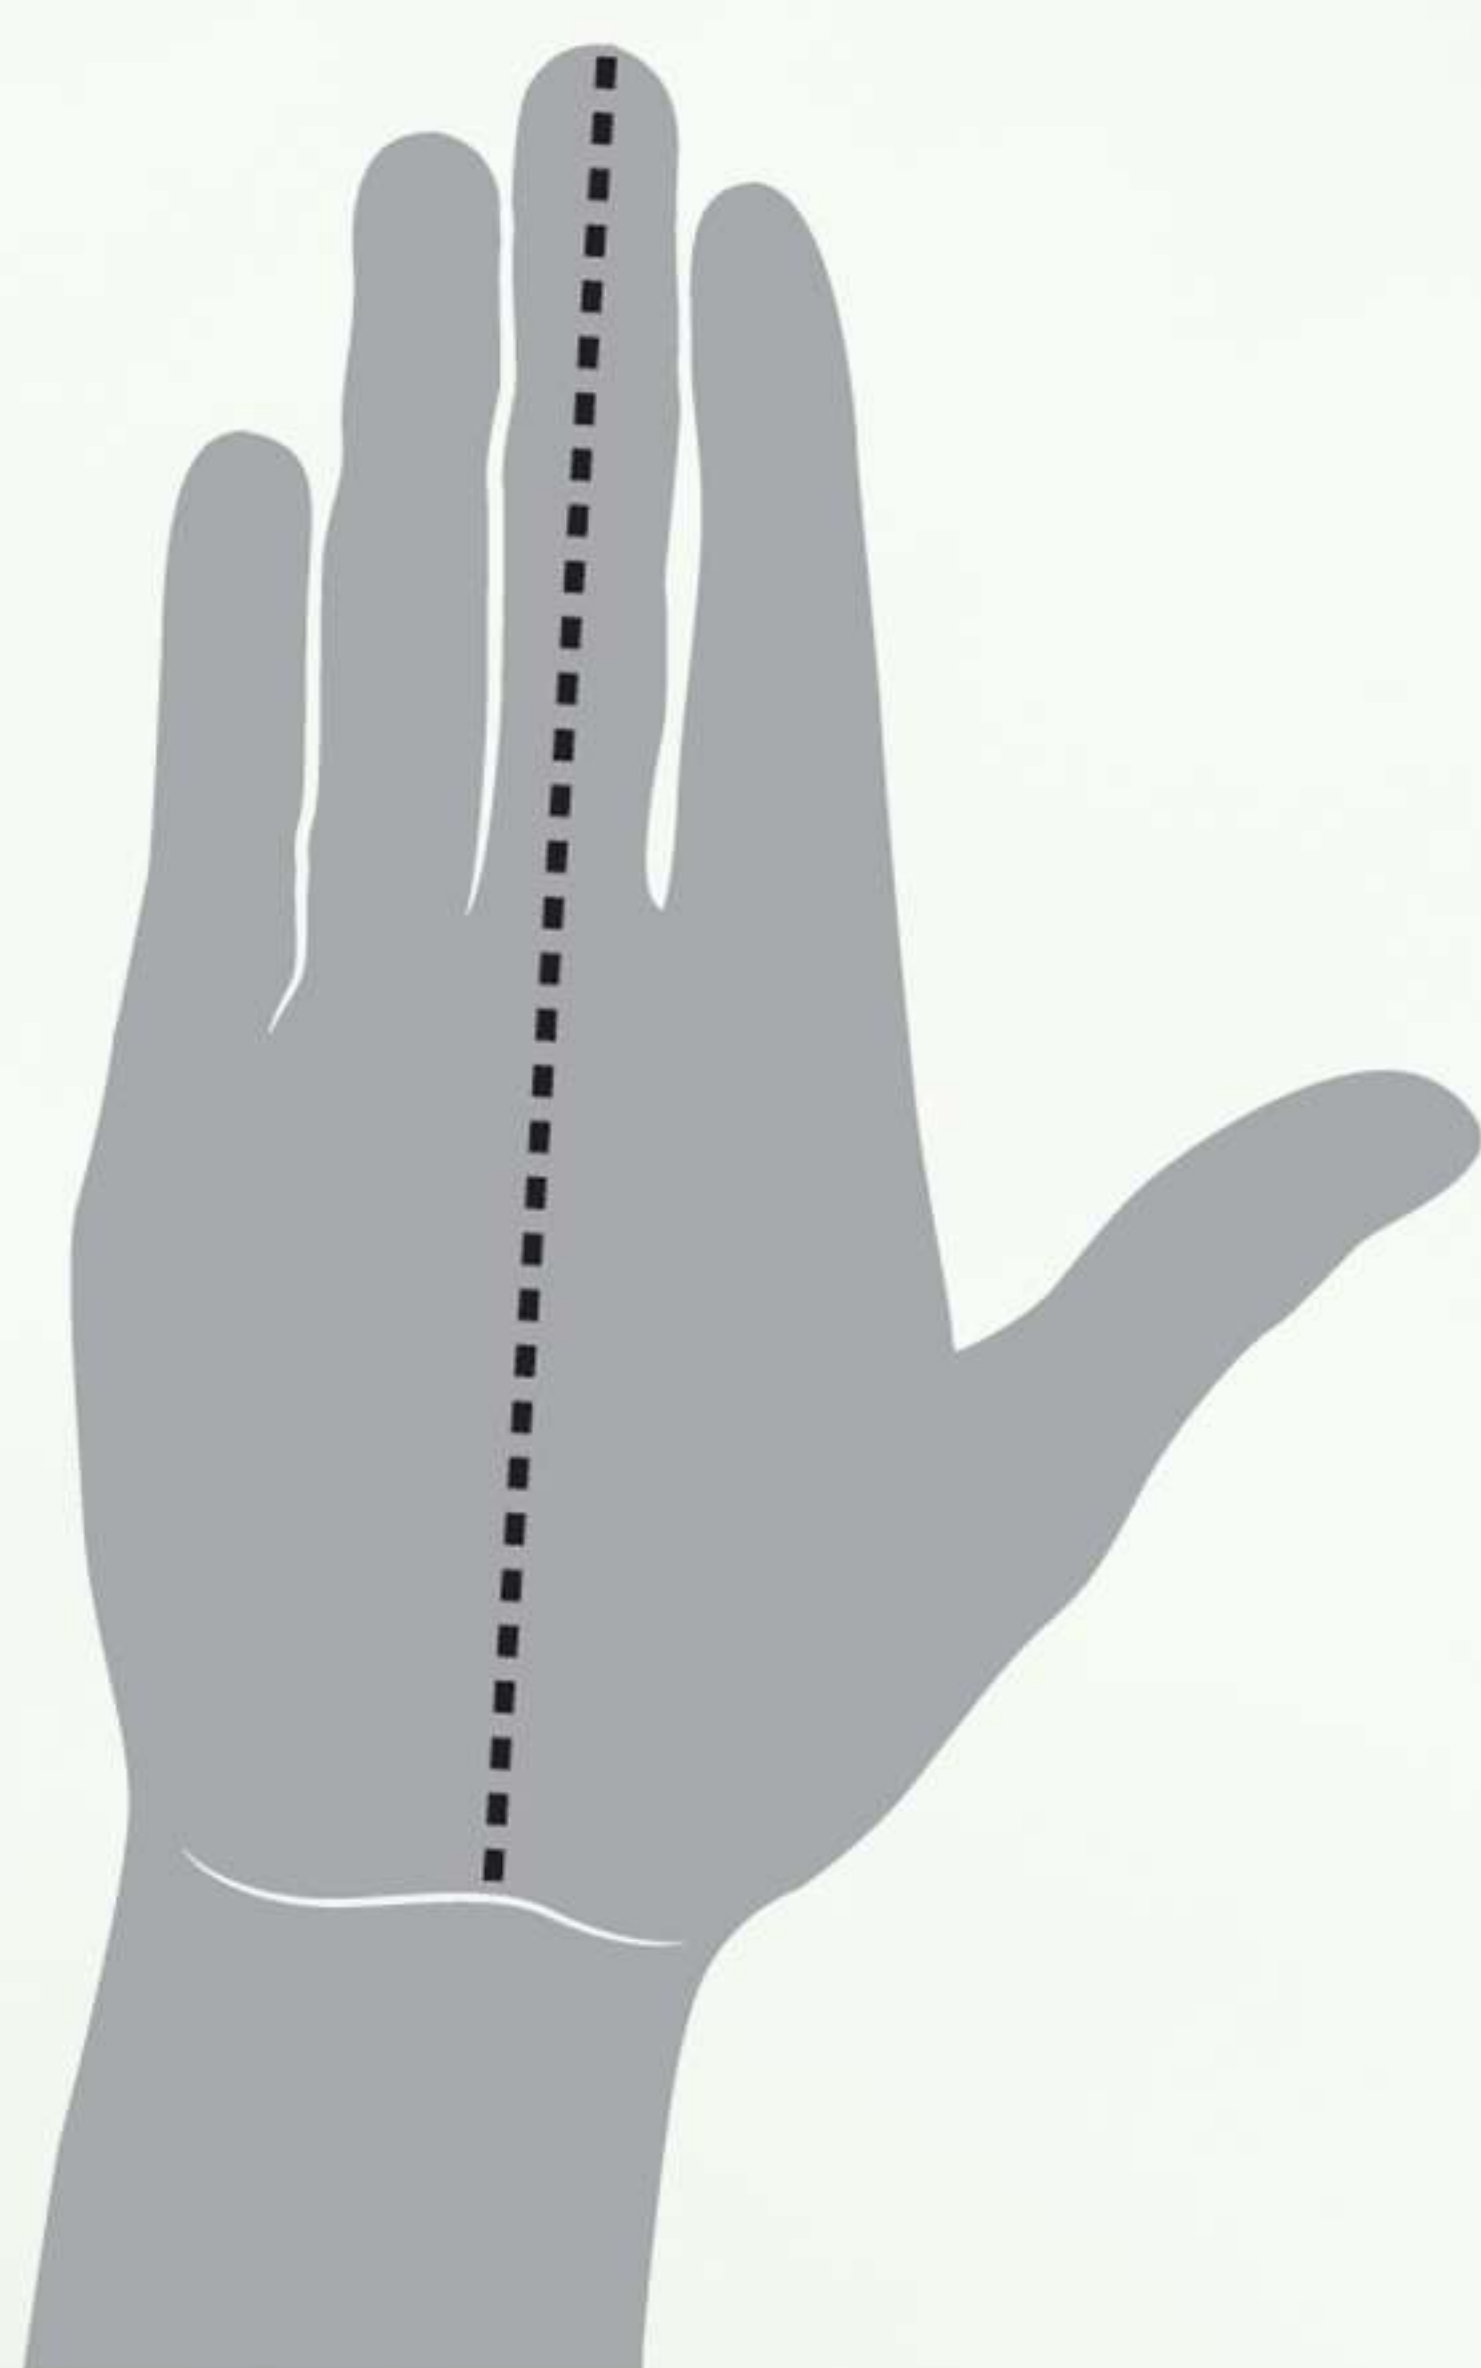

Flexible Capacity

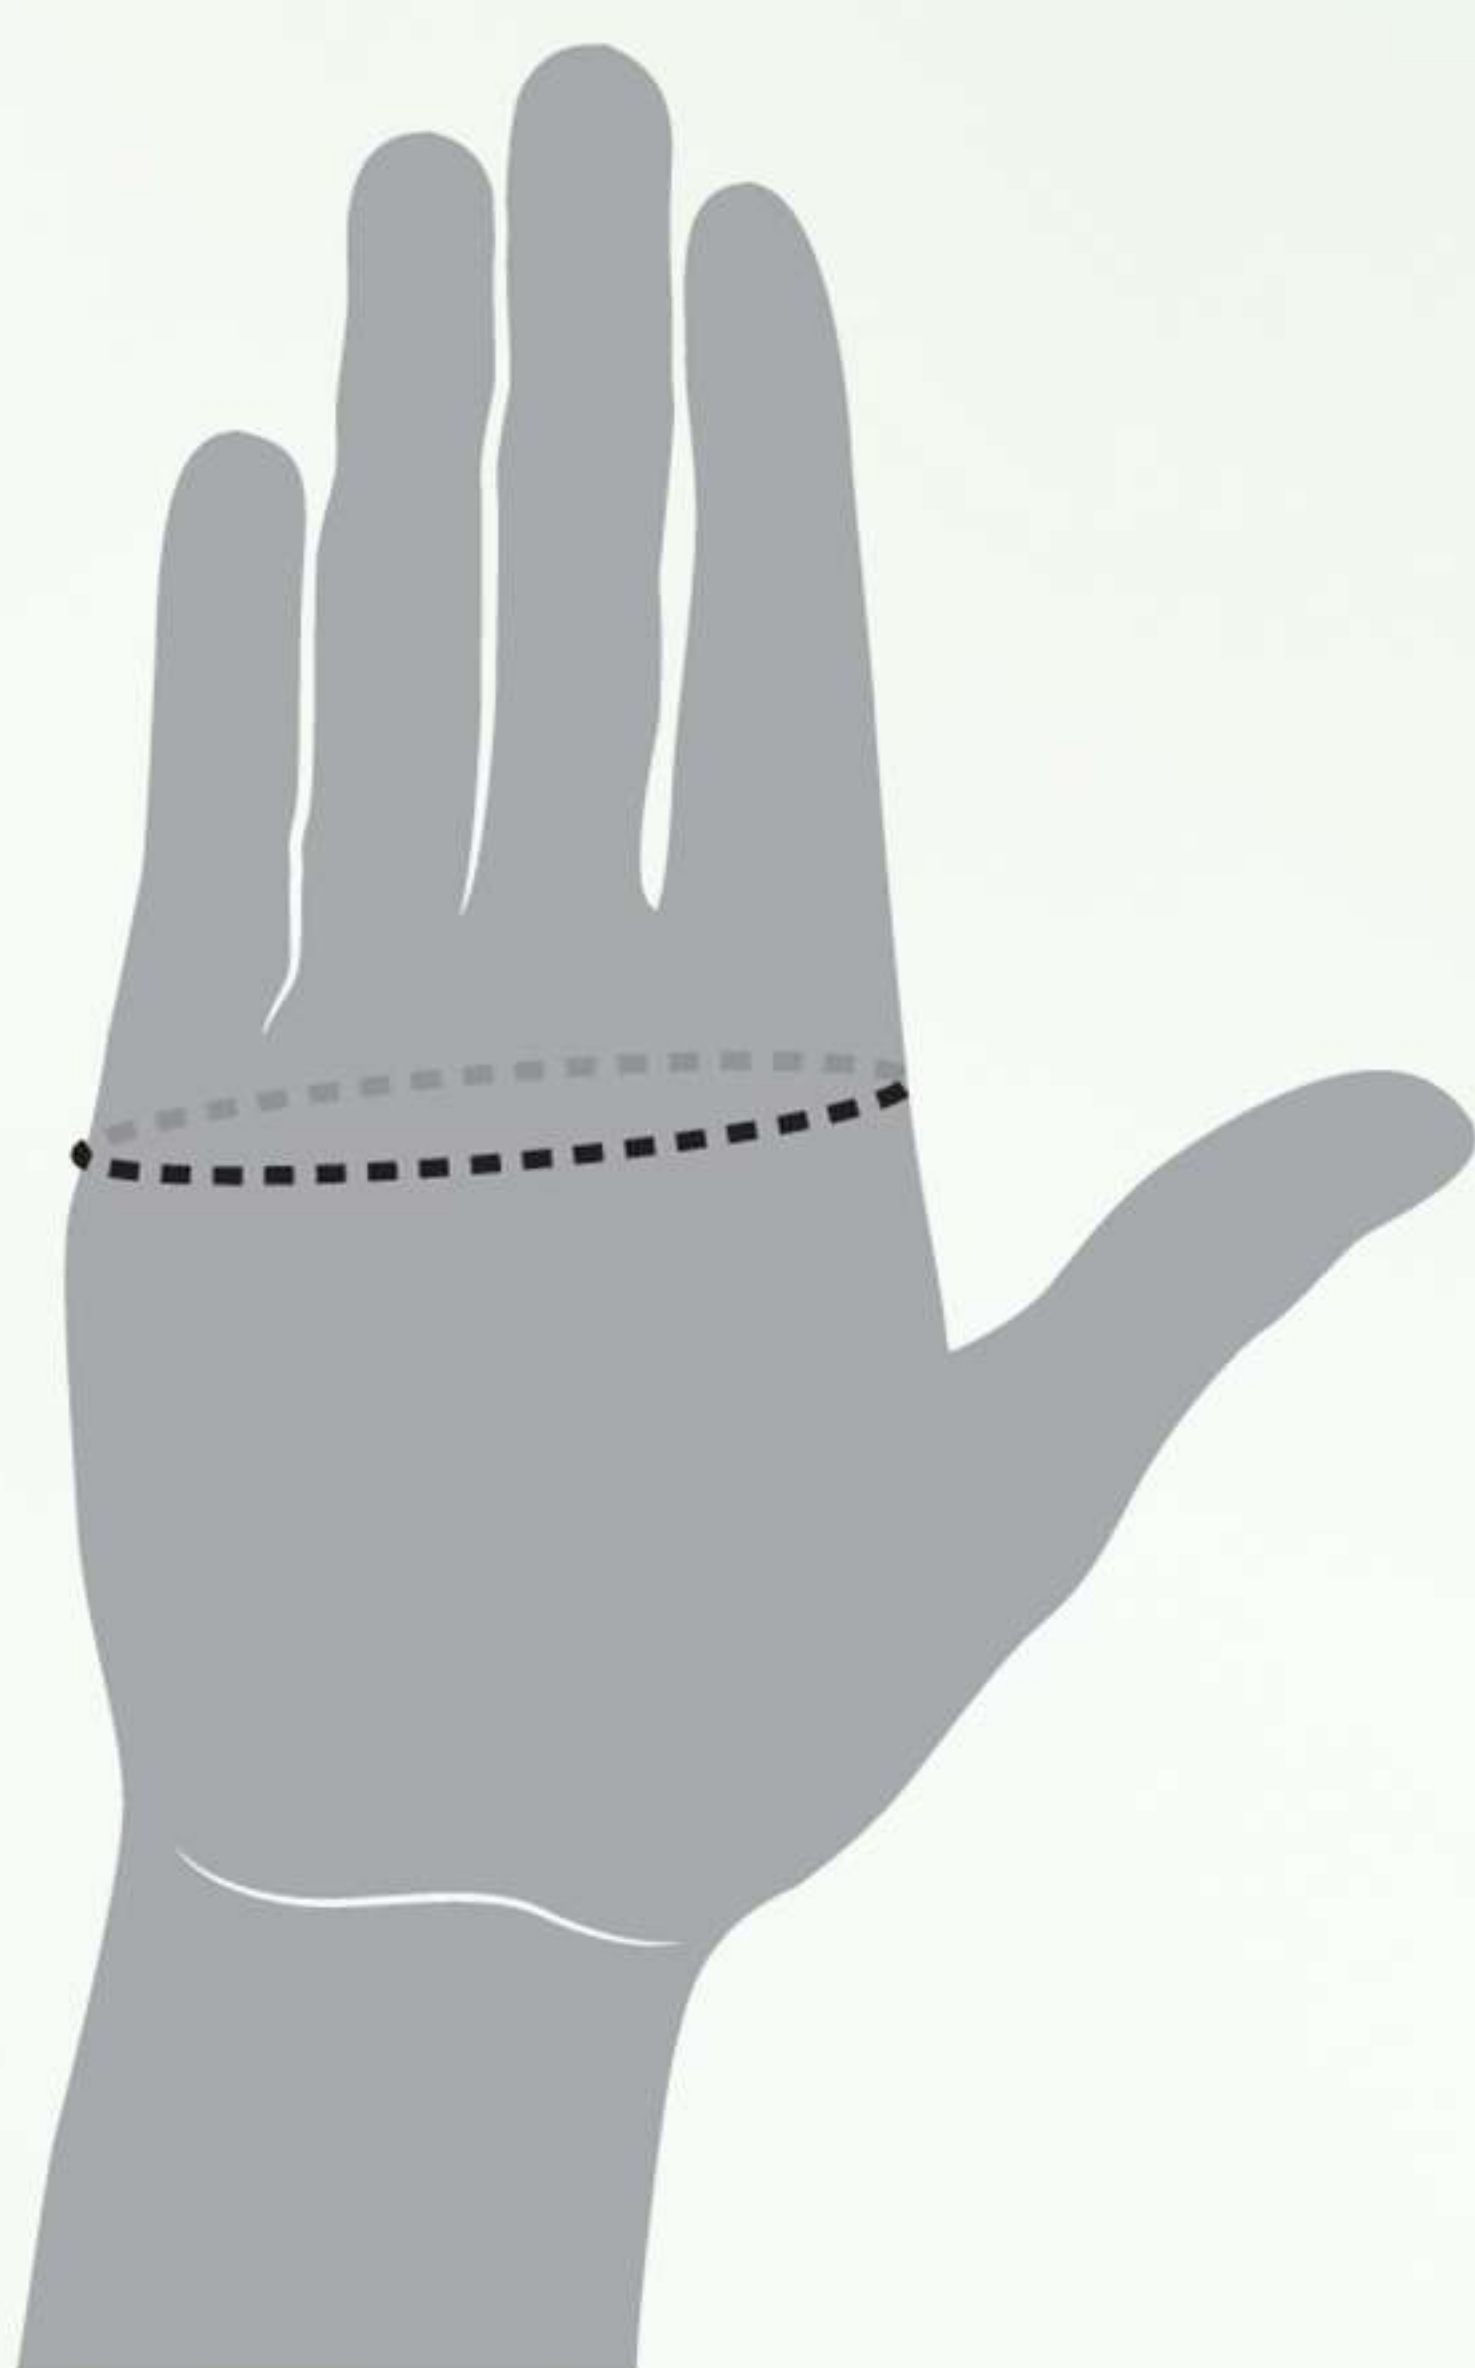

We've heavily invested in capital-intensive machinery, currently in excess capacity. In 2021, we swiftly scaled production from 40,000 to 215,000 pairs in 1.5 months for a single order, maintaining quality, thanks to available machinery and our adept team's rapid training of new hires.

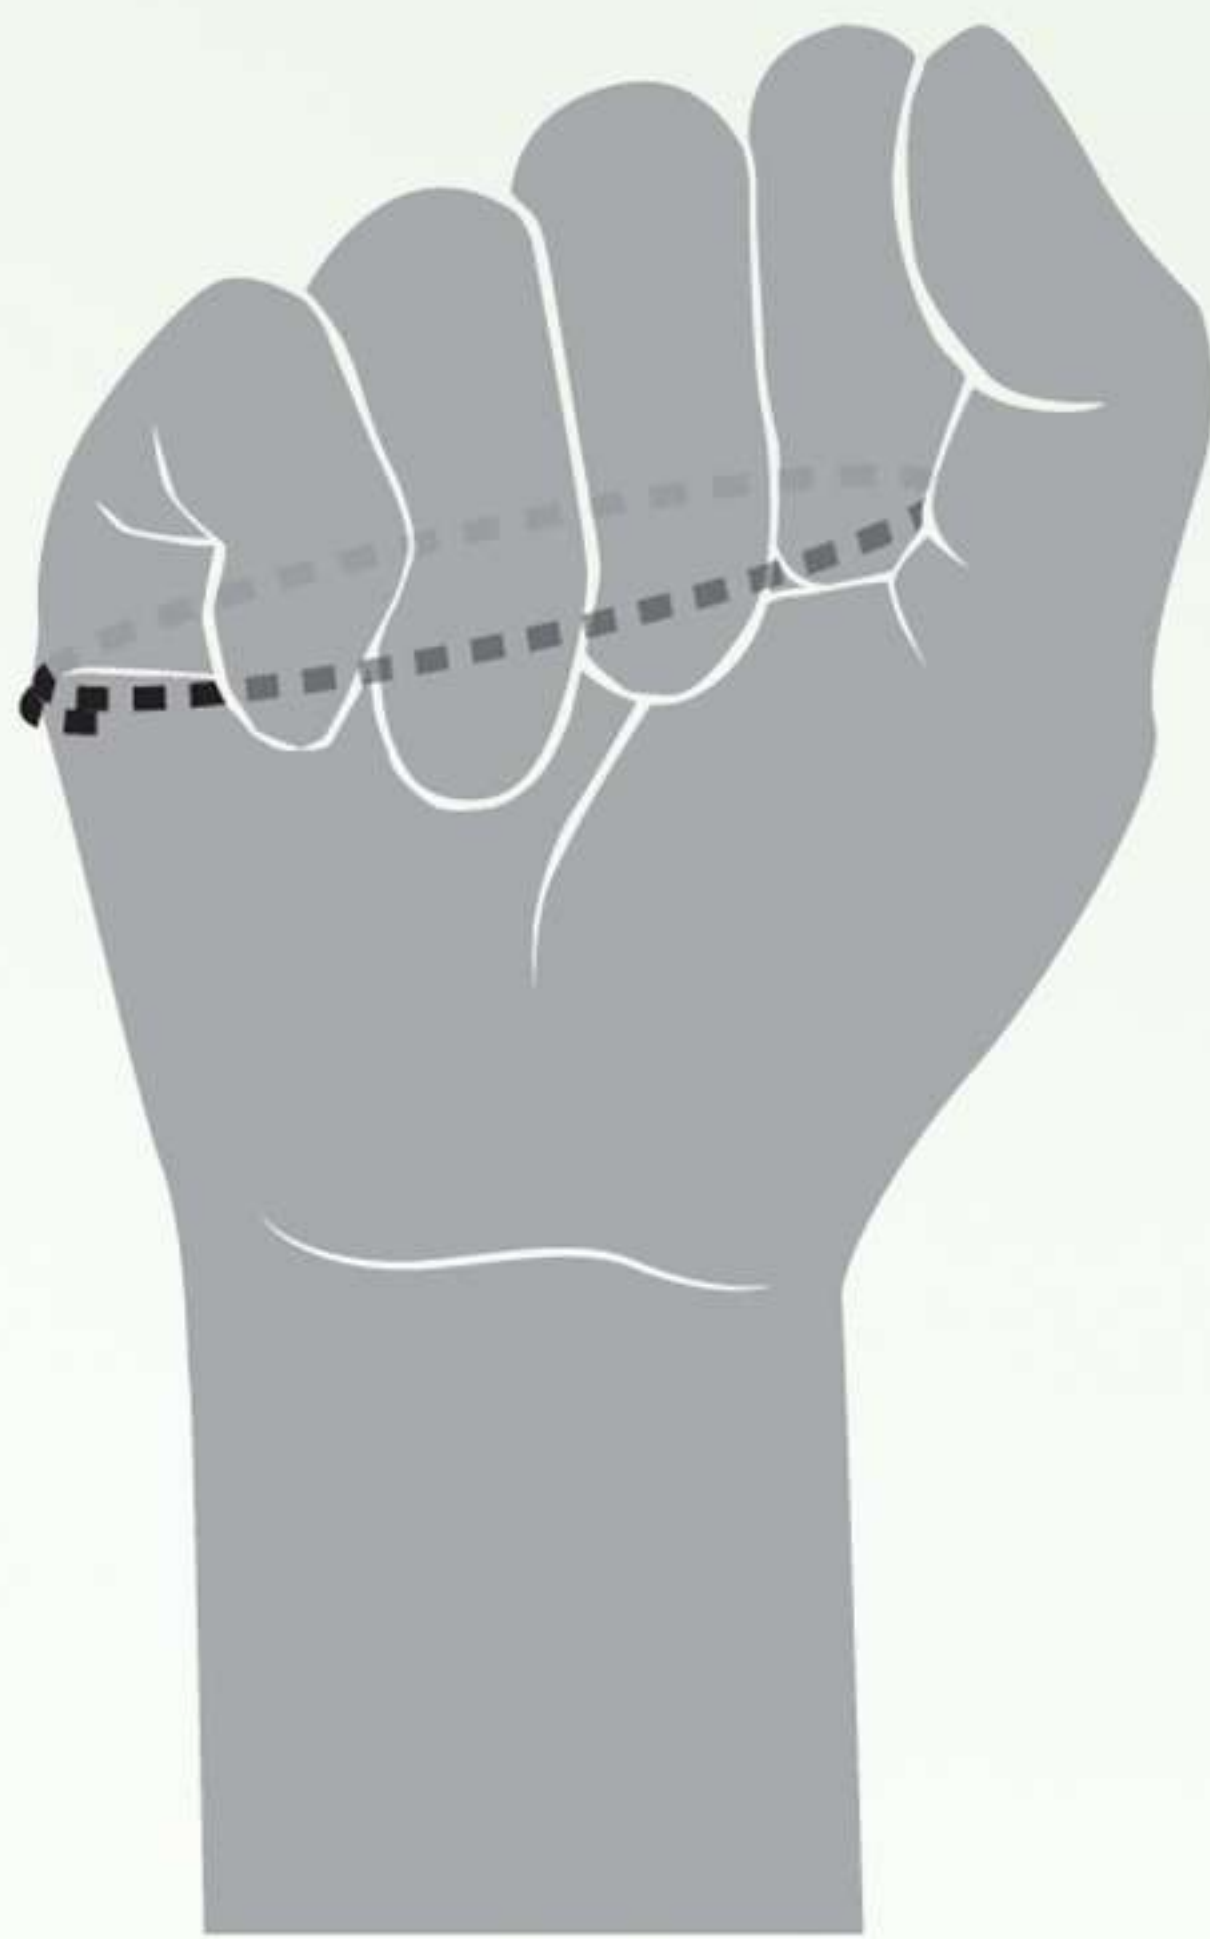

Gloves Sizes and Charts

PALM LENGTH | Measure from the crease of wrist to the tip of middle finger

PALM CIRCUMFERENCE | Measure circumference around palm, just below knuckles. Lightly close fingers into palm.

SIZE [U.S.]	XS	S	M	L	XL	2XL	3XL
SIZE [EUROPE]	7	8	9	10	11	12	13

PALM CIRCUMFERENCE [CM]	20 - 21	21 - 22	22 - 23	23 - 24	24 - 25	25 - 26	26 - 27

Material Guidelines - Leather

GOATSKIN LEATHER

- Renowned for its rich lanolin content exceptional tensile strength
- Providing flexibility crucial in industrial uses like warehousing, construction, and rigging.
- Its finer grain and texture make it ideal for precise tasks like TIG welding, outperforming cowhide.

COW GRAIN LEATHER

- Cow grain leather boasts a naturally smooth texture, enhancing its overall appeal and comfort.
- Compared to various other leather types, it is known for its remarkable durability, owing to its innate toughness.
- It's a preferred choice for activities like ranching, farmwork, and drilling.

COW SPLIT LEATHER

- Cow split leather is categorized into three parts based on the hide section it originates from.
- Side split is regarded as the highest quality among these divisions, sourced from the thickest hide section.
- Side split leather provides notably superior heat protection, especially when properly tanned, setting it apart from other leather types.

LININGS

KEVLAR BY DUPONT

- Kevlar, produced by DUPONT, combines with materials like steel, glass, and polyglass to offer high cut resistance in aramid linings.
- Kevlar alone provides moderate to high heat resistance but not cut resistance beyond ANSI A2 standards.
- Combining Kevlar with other materials enhances its cut resistance, making it effective for various applications.
- Kevlar's versatility and customization options make it valuable across industries.

JERSEY

- Jersey lining is most often used in welding gloves to offer moderate level of insulation at economical prices

COTTON FLEECE LINING

- Fleece is often used in cold-weather gloves but provides less winter protection than wool and Thinsulate.
- It is a cost-effective choice, especially when price is a primary consideration.

WOOL

- Wool is versatile, ideal for cold and hot conditions due to its excellent insulation and quick-drying properties.
- It excels in high-heat applications like stick welding, providing both heat protection and durability.

THINSULATE BY 3M

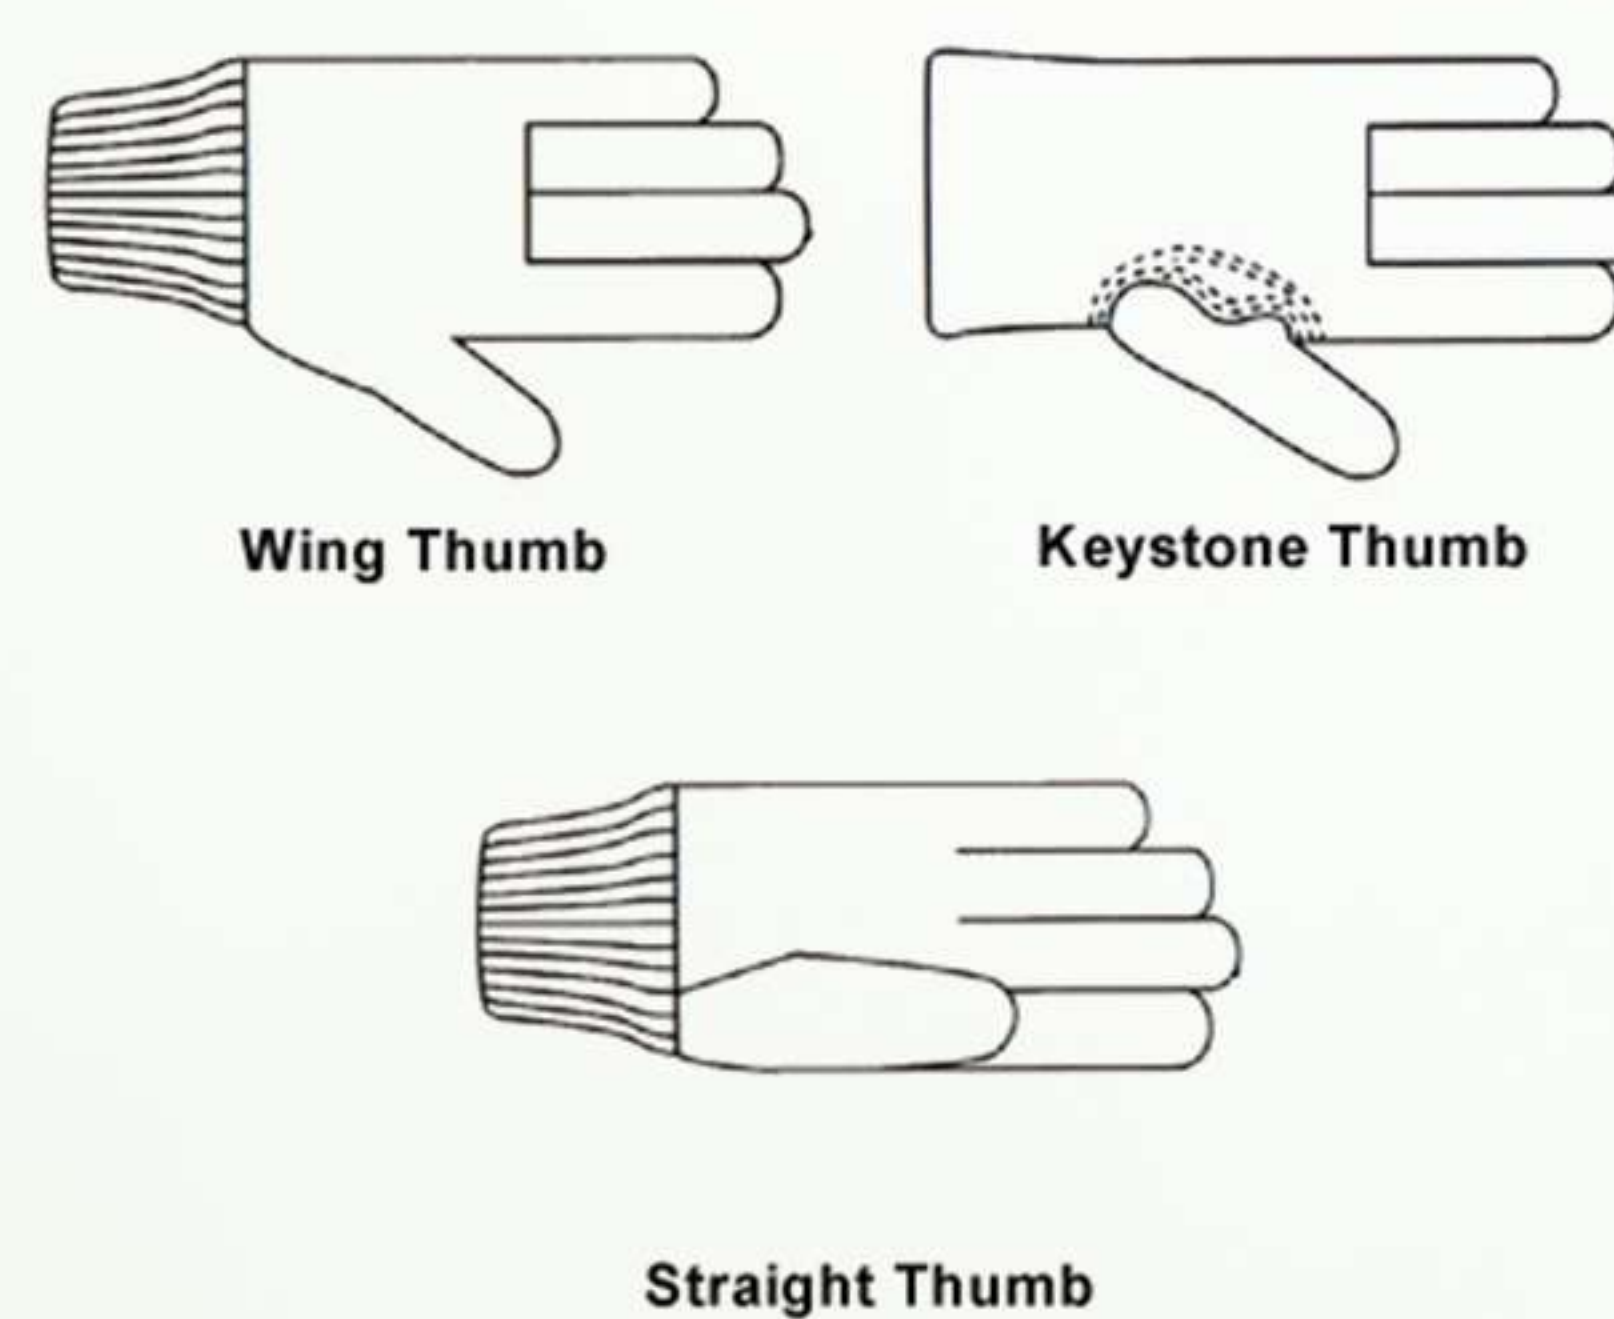

- 3M's Thinsulate is a lighter alternative to wool with good insulation, allowing greater hand mobility.
- Thinsulate excels in applications like warehousing, transportation, driving, and rigging where freedom and flexibility of hand movement are crucial.

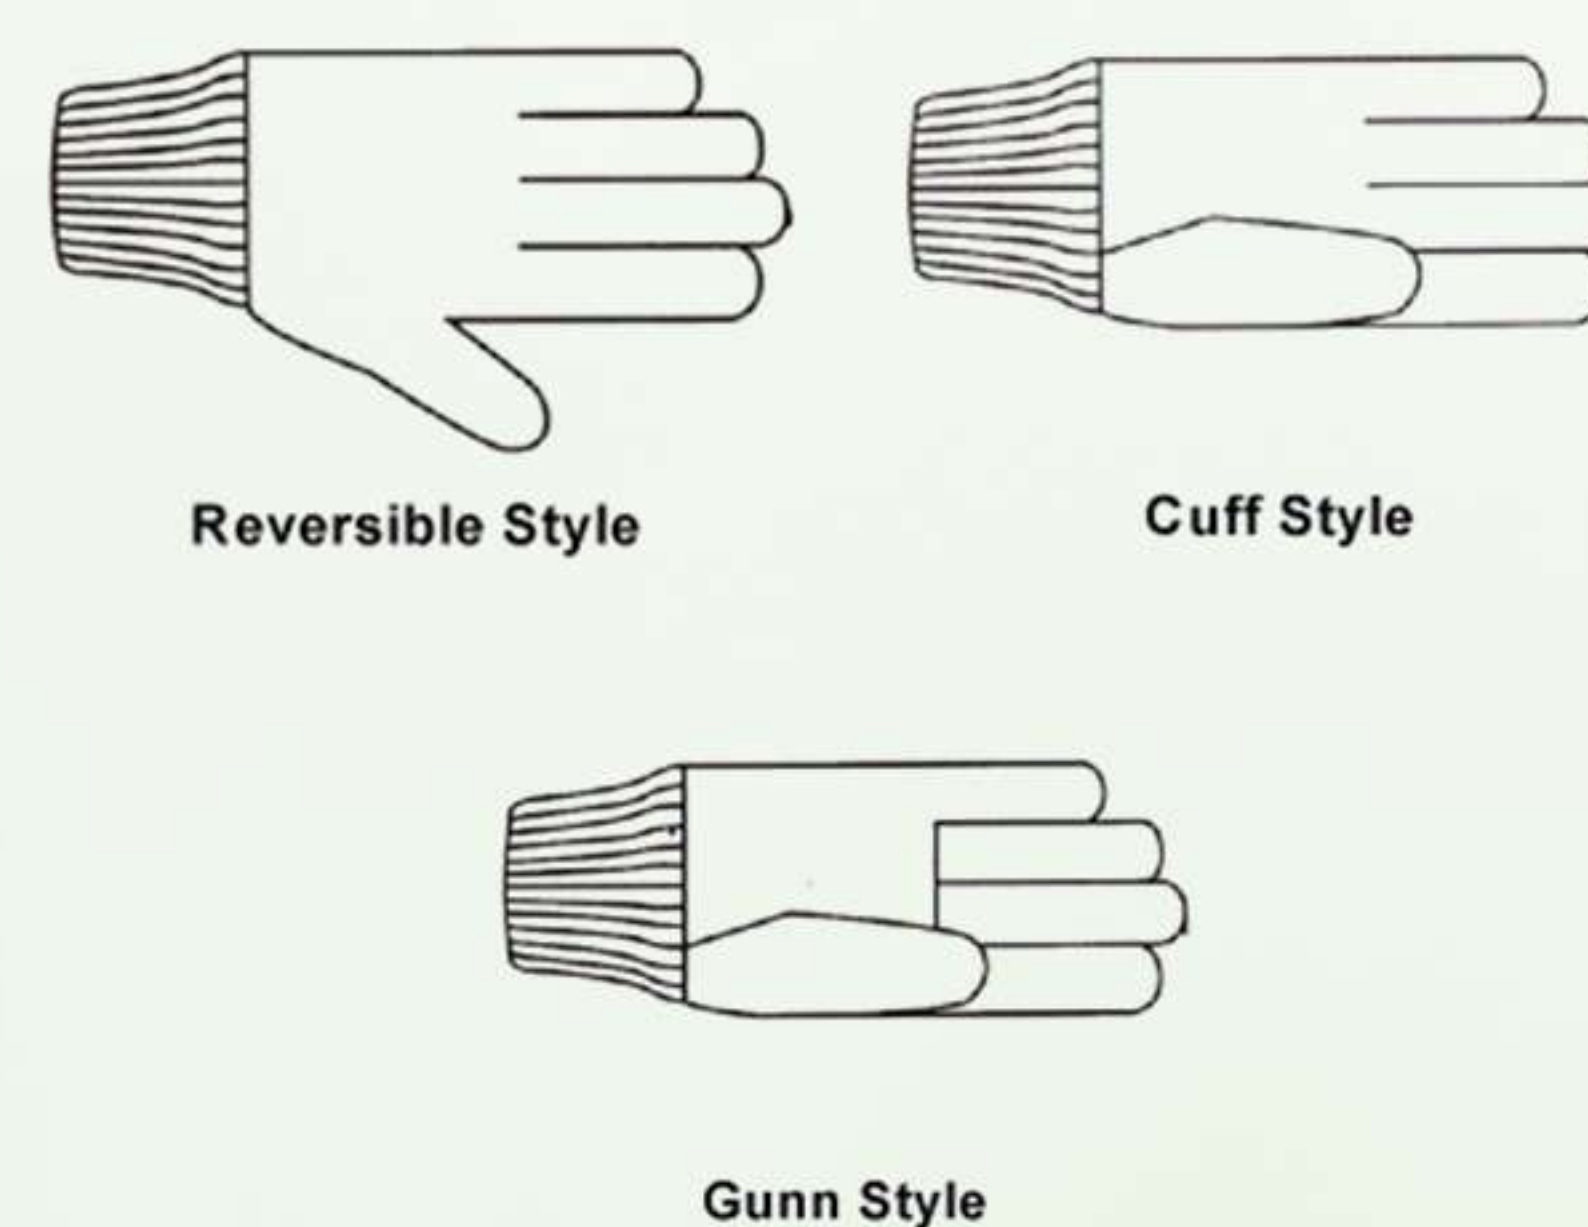

Types of Cuff

Types of Thumb

Types of Style

Cut Resistant & Impact Resistant Gloves

Crafted from **Goatskin Leather** chosen for flexibility. These gloves are used in applications such as **Oil and Gas, Construction and Metalworking.**

OG Protector 1

Material

- Oil and Water Repellant Goatskin Leather

Size

S M L XL 2XL

Application

Oil and Gas, Mining, Construction, Demolition, Manufacturing

- Keystone Thumb
- Gunn Cut Pattern
- Shirred Elastic Wrist
- Slip On Cuff and Color Coded Hems
- Kevlar Stitching

Cut and Impact 001

Crush Pro 1

Material

Goatskin Leather

Size

S M L XL 2XL

Application

Oil and Gas, Mining, Construction, Demolition, Manufacturing

- Keystone Thumb
- Gunn Cut Pattern
- Shirred Elastic Wrist
- Slip On Cuff and Color Coded Hems
- Kevlar Stitching

Cut and Impact 002

Crush Pro 2

Material

Goatskin Leather and EVA Gel Pad

Size

S M L XL 2XL

Application

Manufacturing, Mining, Construction, Forestry, Lumberjack

- Keystone Thumb
- ANSI A5 Cut Resistant
- Shirred Elastic Wrist
- Slip On Cuff and Color Coded Hems
- Kevlar Stitching
- EVA Gel Pad for Palm Protection

Cut and Impact 003

Crush Pro 3

Material

• Goatskin Leather and Gauntlett Cow Split Leather Cuff

Size

S M L XL 2XL

Application

Welding, Mining, Construction, Oil and Gas, Demolition

OG Welder

Material

Goatskin Leather and Gauntlett Cow Split Leather Cuff

Size

S M L XL 2XL

Application

Welding, Mining, Construction, Oil and Gas, Demolition

Keystone Thumb
Gunn Cut Pattern
High Vis Cuff
Foam Padded Palm
Reinforced Thumb Crotch

Super Pro 1

Material

Goatskin Leather and Gauntlett Cow Split Leather Cuff

Size

S M L XL 2XL

Application

Construction, Mining, Manufacturing, Oil and Gas, Demolition

Keystone Thumb
Gunn Pattern
Shirred Elastic Wrist
Black Ribbed Interlock Fabric Back
Fleece Lining For Cold Protection

OG Protector 2

Material

• Goatskin Leather and Gauntlet Cow Split Leather Cuff

Size

S M L XL 2XL

Application

Welding, Mining, Construction, Oil and Gas, Demolition

- Keystone Thumb
- Gunn Cut Pattern
- Slip On Cuff
- Kevlar Stitching
- Shirred Elastic Wrist

Crush Pro 4

Material

Goatskin Leather and Gauntlet Cow Split Leather Cuff

Size

S M L XL 2XL

Application

Welding, Mining, Construction, Oil and Gas, Demolition

Super Pro 2

Material

Goatskin Leather

Size

S M L XL 2XL

Application

Construction, Mining, Manufacturing, Oil and Gas, Demolition

OG Protector 3

Material

Oil Repellent Goatskin Leather

Size

S M L XL 2XL

Application

Mining, Oil and Gas, Construction, Demolition, Welding

- Keystone Thumb
- Gunn Cut Pattern
- Shirred Elastic Wrist
- Slip On Cuff with Pull Loop
- Oil Repellent Leather

- Keystone Thumb
- Gunn Cut Pattern
- Slip On Cuff
- Kevlar Stitching
- Shirred Elastic Wrist

Cut Max 1

Material

Goatskin Leather and Gauntlet Cow Split Leather Cuff

Size

S M L XL 2XL

Application

Welding, Mining, Construction, Oil and Gas, Demolition

Cut Max 2

Material

Goatskin Leather

Size

S M L XL 2XL

Application

Construction, Mining, Manufacturing, Oil and Gas, Demolition

- Keystone Thumb
- Gunn Pattern
- Shirred Elastic Wrist
- Kevlar Stitching
- Rubberized Fingertips and palm

Leather Driver

Crafted meticulously in leather types such as **Goat, Cow & Buffalo skin**. Each variant is used for **Farming, Ranching, Warehousing** etc

Super Goat Classic

Material

Goatskin Leather

Size

- S
- M
- L
- XL
- 2XL

Application

- Warehousing • Construction • Agriculture
- Salvage • Farming

- Keystone Thumb
- Gunn Cut Pattern
- Slip On Cuff and Color Coded Hems
- Shirred Elastic Wrist
- Double Stitching Around Index Finger

- Keystone Thumb
- Gunn Cut Pattern
- Shirred Elastic Wrist
- Slip On Cuff and Color Coded Hems
- Orange Screen Printed Fingertips and Back of Hand

Reflector 1

Material

- Goatskin Leather with Blue Synthetic Fabric Back

Size

- S
- M
- L
- XL
- 2XL

Application

- Assembly • Landscaping • Warehousing
- Engineering • Transport

Reflector 2

Material

Goatskin Leather with High Vis Orange Material and Reflective Stripe

Size

- S
- M
- L
- XL
- 2XL

Application

- Warehousing • Construction • Site Safety
- Salvage • Mining

- Keystone Thumb
- Fourchette Pattern
- Shirred Elastic Wrist
- Slip On Cuff
- Orange Screen Printed Fingertips and Back of Hand

Super Goat TouchPro

Material

Goatskin Leather

Size

- S M L XL 2XL

Application

- Warehousing • Construction • Driving
- Salvage • Mining

- Keystone Thumb
- Gunn Cut Pattern
- Slip On Cuff and Color Coded Hems
- Shirred Elastic Wrist
- Touchscreen Enabled Leather Fingertips

Rugged Goat

Material

Goatskin Leather with Reinforced Leather Palm and Touchscreen Enabled Fingertips

Size

- S M L XL 2XL

Application

- Assembly • Landscaping • Warehousing
- Engineering • Transport

- Keystone Thumb
- Gunn Cut Pattern
- Shirred Elastic Wrist
- Slip On Cuff and Color Coded Hems
- Touchscreen Enabled Leather Fingertips

Eco Buffalo

Material

Buffalo Leather

Size

- S M L XL 2XL

Application

- Warehousing • Construction • Agriculture
- Salvage • Farming

- Keystone Thumb
- Gunn Cut Pattern
- Shirred Elastic Wrist
- Slip On Cuff and Color Coded Hems
- Standard Grade Buffalo

SuperGoat Electro

Material

Goatskin Leather

Size

- S M L XL 2XL

Application

- Electrical Work • Utility Work
- Maintenance

Super Cow

Material

Cow Grain Leather

Size

- S M L XL 2XL

Application

- Warehousing • Construction • Agriculture
- Salvage • Farming

Rugged Cow

Material

Cow Grain Leather with Reinforced Leather Palm Patch

Size

- S M L XL 2XL

Application

- Oil and Gas • Construction • Ranching
- Mining • Farming

Super Goat Wristy

Material

Goatskin Leather

Size

- S
- M
- L
- XL
- 2XL

Application

- Warehousing • Handling
- Maintenance • Fine Work

Super Goat Wristy WR

Material

Cow Grain Leather

Size

- S
- M
- L
- XL
- 2XL

Application

- Oil and Gas • Handling
- Maintenance • Fine Work

Eco Goat Wristy WR

Material

Sheepskin and Goatskin Leather

Size

- S
- M
- L
- XL
- 2XL

Application

- Warehousing • Handling
- Maintenance • Fine Work

Super Split

Material

Side Split Leather

Size

- S M L XL 2XL

Application

- Mining • Moving • Ranching • Farming
- Oil and Gas

Super Split Wristy

Material

Side Split Leather

Size

- S M L XL 2XL

Application

- Mining • Moving • Ranching • Farming
- Oil and Gas

Wing Thumb

Gunn Cut Pattern

Knitted Wrist

Thick Natural Side Split Leather

Ideal for heavy work involving construction, ranching, farming

Eco Goat Tanner

Material

Goatskin Leather with Black Interlock Fabric Back

Size

- S M L XL 2XL

Application

- Mining • Moving • Ranching • Farming
- Oil and Gas

Assembly Gloves

Elevate your efficiency with our **Assembly Gloves**, which is used in **Warehousing, DIY, logistics and Gardening**

Precision Goat Classic

Material

- Goatskin Leather with Green Synthetic Fabric Back

Size

- S M L XL 2XL

Application

- Assembly • Landscaping • Warehousing
- Engineering • Transport

Precision Goat Eco

Material

- Goatskin Leather with Blue Synthetic Fabric Back

Size

- S M L XL 2XL

Application

- Assembly • Landscaping • Warehousing
- Engineering • Transport

- Keystone Thumb
- Fourchette Pattern
- Shirred Elastic Wrist
- Blue Synthetic Fabric Back

Precision Goat Ultra

Material

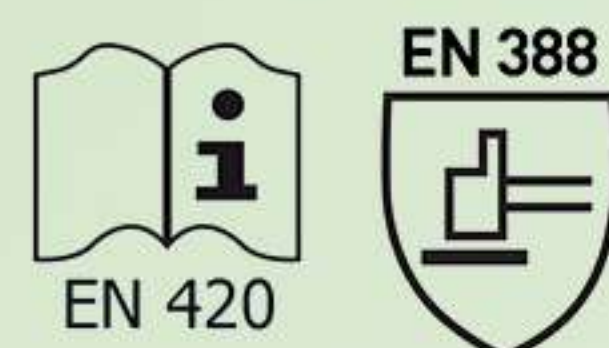

- Sheepskin/Goatskin Leather with Red Interlock Fabric Back

Size

- S M L XL 2XL

Application

- Assembly • Landscaping • Warehousing
- Engineering • Transport

Precision Sheep Classic

Material

Sheepskin Leather with Blue Interlock Fabric Back

Size

- S M L XL 2XL

Application

- Assembly • Landscaping • Warehousing
- Engineering • Transport

- Round Thumb
- Gunn Pattern
- Shirred Elastic Wrist
- Blue Interlock Fabric Back
- Leather Fingertips

Precision Goat Ultimate

Material

• Goatskin Leather with Red Interlock Fabric Back

Size

- S M L XL 2XL

Application

- Assembly • Landscaping • Warehousing
- Engineering • Transport

- Round Thumb
- Gunn Pattern
- Shirred Elastic Wrist
- Red Interlock Fabric Back
- Leather Fingertips

Precision Goat Winter

Material

Sheepskin/Goatskin Leather with Red Interlock Fabric Back

Size

- S M L XL 2XL

Application

- Assembly • Landscaping • Warehousing
- Engineering • Transport

- Keystone Thumb
- Gunn Pattern
- Shirred Elastic Wrist
- Black Ribbed Interlock Fabric Back
- Fleece Lining For Cold Protection

Precision Goat WR

Material

Goatskin Leather with Yellow Synthetic Fabric Back

Size

- S
- M
- L
- XL
- 2XL

Application

Ideal for wet handling and precision work in wet environment

- Keystone Thumb
- Fourchette Pattern
- Shirred Elastic Wrist
- Yellow Synthetic Fabric Back

Precision Goat OR

Material

Goatskin Leather with Red Synthetic Fabric Back

Size

- S
- M
- L
- XL
- 2XL

Application

Optimal for handling in wet environments like pipelines, drilling and rigging work

- Keystone Thumb
- Fourchette Pattern
- Shirred Elastic Wrist
- Oil Repellent Leather

Mechanic Gloves

Elevate your auto industry powers with our **Mechanic Gloves**, meticulously crafted for peak performance

MechPro Classic

Material

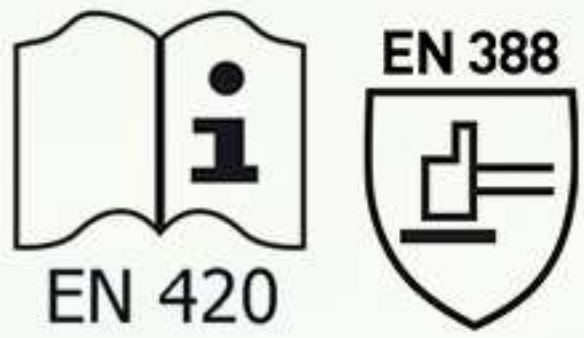

Goatskin Leather and Blue Split Leather

Size

- S M L XL 2XL

Application

- Automotive work • Handling
- Landscaping • Road work • Gardening

MechPro Semi

Material

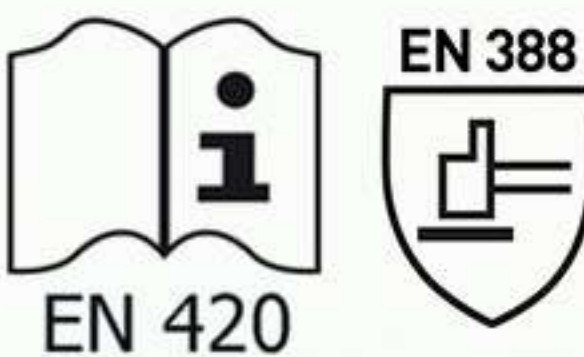

Black Synthetic Fabric in Palm and 4-Way Yellow Fabric in Back

Size

- S M L XL 2XL

Application

- Automotive work • Handling
- Landscaping • Road work • Gardening

MechPro Max

Material

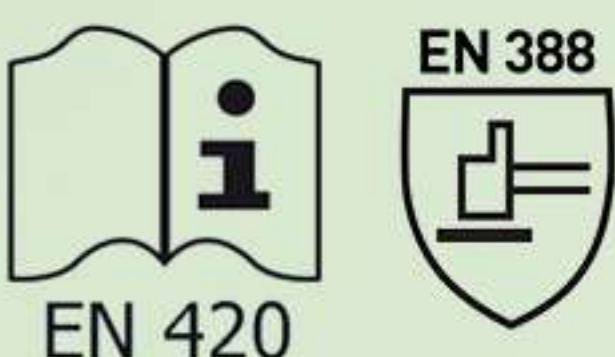

Goatskin Leather with Orange Synthetic Fabric for High Vis Applications

Size

- S M L XL 2XL

Application

- Automotive work • Handling
- Landscaping • Road work • Gardening

MechPro Garden

Material

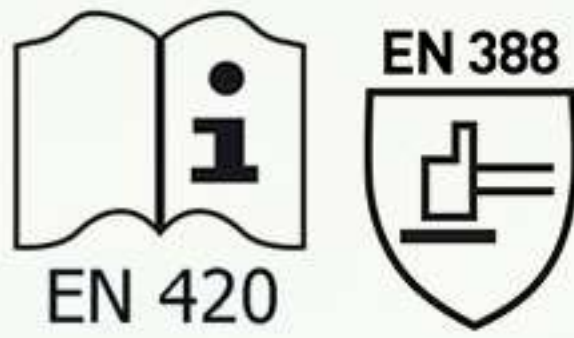

Goatskin with Floral Synthetic Fabric

Size

- S M L XL 2XL

Application

- Automotive work • Handling
- Landscaping • Road work • Gardening

MechPro Ultra

Material

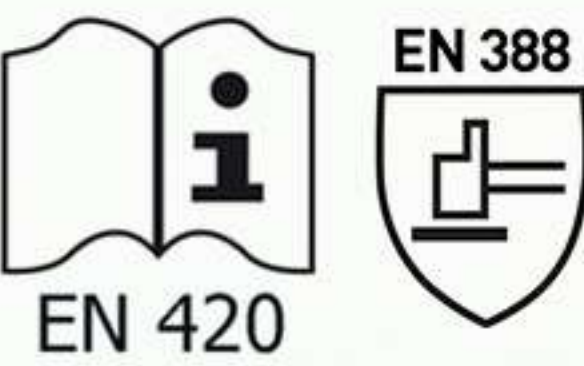

Goatskin with Green Synthetic Fabric

Size

- S M L XL 2XL

Application

- Automotive work • Handling
- Landscaping • Road work • Gardening

MechPro Supreme

Material

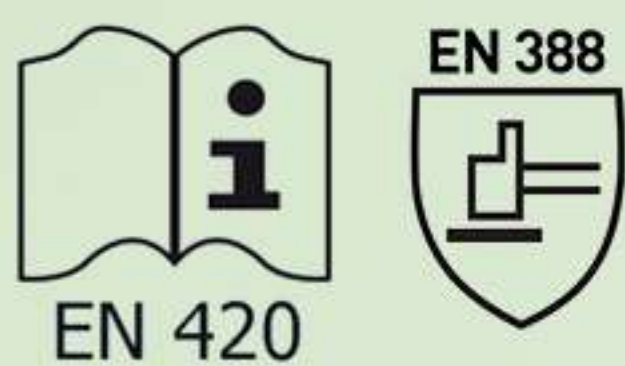

Goatskin with Black Synthetic Fabric

Size

- S M L XL 2XL

Application

- Automotive work • Handling
- Landscaping • Road work • Gardening

MechPro Kid

Material

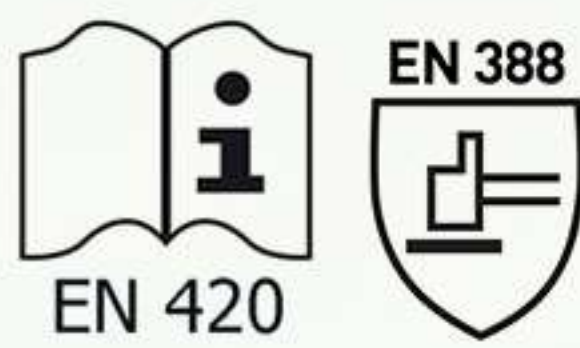

Goatskin with Floral
Synthetic Fabric

Size

- S
- M
- L
- XL
- 2XL

Application

- Automotive work • Handling
- Landscaping • Road work • Gardening

Leather Palm Gloves

Gloves made out of **Goat leather, Cow Grain Leather and Cow Split Leather** epitomize durability and versatility in hand protection.

Splitter Eco

Material

Split Cow Leather with Striped Fabric Back

Size

- M L XL 2XL

Application

- Farming • Ranching
- Construction • Warehousing

- Wing Thumb
- Gunn Cut Pattern
- Slip On Cuff and Color Coded Hems
- Shirred Elastic Wrist
- Double Stitching Around Index Finger

Splitter Reflector

Material

Premium Cow Grain Leather with Grey Fabric Back

Size

- M L XL 2XL

Application

- Assembly • Landscaping • Warehousing
- Engineering • Transport

- Wing Thumb
- Gunn Cut Pattern
- Rubberized Safety Cuff
- Grey Fabric Back with High Vis Stripe
- Extended Wrist Protection

Splitter Goat

Material

Goatskin Leather with Red Fabric Back

Size

- M L XL 2XL

Application

- Farming • Ranching
- Construction • Warehousing

- Wing Thumb
- Fourchette Pattern
- Rubberized Safety Cuff
- Red Fabric Back
- Extended Wrist Protection

Splitter Classic

Material

Premium Cow Grain Leather with Striped Back

Size

- M L XL 2XL

Application

- Farming • Ranching
- Construction • Warehousing

Splitter Ultra Eco

Material

Split Cow Leather with White Fabric Back

Size

- M L XL 2XL

Application

- Assembly • Landscaping • Warehousing
- Engineering • Transport

- Wing Thumb
- Gunn Cut Pattern
- Rubberized Safety Cuff
- White Fabric Back
- Extended Wrist Protection

Cow Splitter

Material

Heavy Cow Grain Leather with Blue Fabric Back

Size

- M L XL 2XL

Application

- Farming • Ranching
- Construction • Warehousing

Cow Splitter Eco

Material

Split Cow Leather with White Fabric Back

Size

- M L XL 2XL

Application

- Farming • Ranching
- Construction • Warehousing

- Wing Thumb
- Gunn Cut Pattern
- Rubberized Safety Cuff
- Grey and Black Fabric Back
- Extended Wrist Protection

Super Splitter Pro

Material

Heavy Golden Brown Side Split Leather and Blue Split Leather

Size

- M L XL 2XL

Application

- Farming • Ranching
- Construction • Warehousing

- Wing Thumb
- Gunn Cut Pattern
- Rubberized Safety Cuff
- Yellow Fabric Back
- Extended Wrist Protection
- Reinforce Leather Palm & Index Finger For Abrasion

Super Splitter Classic

Material

Premium Side Split Leather with Jersey Lining

Size

- M L XL 2XL

Application

- Farming • Ranching
- Construction • Warehousing

- Wing Thumb
- Fourchette Pattern
- Rubberized Safety Cuff
- Red Fabric Back
- Extended Wrist Protection
- Jersey Lining

Super Splitter Max

Material

Premium Side Split Leather
with Jersey Lining

Size

- M
- L
- XL
- 2XL

Application

- Farming • Ranching
- Construction • Warehousing

Welding Gloves and PPE

Crafted predominantly from thick side split leather. These gloves are used in applications such as **TIG Welding, MIG Welding and Stick Welding.**
